1. Introduction

Energy Assets Networks (EAN) are an Independent Distribution Network Operator (IDNO), licensed to design, build, adopt, operate and maintain electricity distribution networks in Great Britain.

2. Purpose of this Statement

This statement sets out the basis upon which charges will be made for the provision of metering point administration services to enable a supplier to make a reasonable estimate of charges it would be liable to pay for the provision of such services. It is prepared in accordance with the requirements of EAN's electricity distribution license issued under the Electricity Act 1989 (as amended by the Utilities Act 2000) and the Master Registration Agreement (MRA).

This statement describes the process for obtaining metering point administration services.

This statement also details the costs for each activity which are not included with EAN's distribution use of system charges (DuoS).

It should be noted that EAN are not currently a meter operator (MOP) and therefore does not charge for MOP services.

3. Persons Entitled to Apply for MPANs

An applicant applying for the use of EAN metering point administration Services (MPANs), in relation to EAN, must be a licensed Electricity Supplier and a signatory to the Master Registration Agreement (MRA) and the Distribution Connection Use of System Agreement (DCUSA). EAN are also required by its license to establish or procure data transfer services, these services are provided under contract by Electralink. Persons requiring data transfer services should apply to Electralink directly at:

Electralink
Ground Floor
Grafton House
2-3 Golden Square
London
W1F 9HR
Helpdesk Tel: 020 7432 3017
E-Mail: helpdesk@electralink.co.uk

4. Procedure for Applying for MPANs

An application for metering point administration services should be made in the first instance by telephone, by email or in writing to the following:

Contact details

Normal working hours are between 8am and 5.30pm, Mon-Fri:

Post: Energy Assets Networks

12 Sketty Close

Brackmills Industrial Estate

Northampton

NN4 7PL

or email: infoEAN@EnergyAssets.co.uk

general enquiries 0333 666 2008

emergencies 0333 800 2016

Applicants will be required to enter into an agreement with EAN prior to using the services. This agreement will set out the obligation of both parties, service levels, methods of communicating information and invoicing and payment arrangements. Where an agreement cannot be reached within a reasonable period then either party may request settlement by the Chairman of the Gas and Electricity Markets Authority.

5. Charges for Metering Point Services

The normal operating costs of providing a metering point administration service (MPAS) are included with EAN distribution use of system charges (DuoS). If an electricity Supplier should request additional services, then a transaction charge will be levied by EAN. A table of these charges are provided here in. The charges detailed overleaf are exclusive of VAT.

6. Table of Charges

The charges set out below are for transactional services associated with the provision of MPAS.

Activity	Unit	Charge
Provision of a Contact Notice	Per notice - Manual	£30.00
Manual Database Amendment	Per event	By individual agreement (see note)
Full Refresh	Per Event	£500.00
Selective Refresh of Data	Per Supplier Number	£15.00
Data Resend (when original data transmission does not reach the intended recipients gateway)	Per Resend	£30.00
Rejections	Per Rejection	£5.00
Report to Settlement System Administrator	Per Report	£50.00
Report to Elexon Parties	Per Report	£50.00
MPAS Investigations Reports	Per Report	£50.00
Report to Data Aggregator (detailing last file sequence number)	Per Report	£50.00

Note: Manual amendments of the MPAS database to correct retrospective errors requires careful handling to ensure new errors are not introduced. The charges for this activity will depend on the number of data items to be changed and the number of parties whose agreement to the proposed change may be required.

7. Contacting EAN

EAN will clearly detail and make available information on how customers can contact us on matters associated with the electricity network and any other concerns about electricity.

7.1 OUR EMERGENCY SERVICE

We aim to provide a safe and reliable electricity supply but unfortunately sometimes faults do occur on our electricity network which causes interruptions to our customers' electricity supply.

If you wish to report the loss of your electricity supply or detail any concern about the safety of the meter, overhead lines or underground cables please contact us on the 24 hour, 365 day a year emergency number: **0333 800 2016**

7.2 OUR NORMAL HOURS SERVICE

To enquire by telephone about any of the services we provide, or if you wish to make a complaint, please telephone us between 8am and 5.30pm on: - 0333 666 2008

7.3 CUSTOMERS WHO ARE DEAF OR WHO HAVE DIFFICULTY HEARING

If you are deaf or you have difficulty hearing, you may write, email or fax EAN using the contact details outlined below. Your correspondence will then be given a priority.
